

TEXAS STORM TOLL IS BETWEEN 70 AND 150

C. L. WICHER IS INDICTED: CHARGED WITH ASSAULTING GIRL

FORMER HEAD CO. HOME DEFENDANT IN SECOND ACTION

Nine True Bills Were Returned By Grand Jury Today.

Clyde L. Wicher, former superintendent of the Lee County Infirmary, who was ousted from his office after twelve years of tenure following charges of misconduct filed with the Board of Supervisors, on which charges he was indicted at a special session of the April grand jury and on which charge he is now awaiting trial, was again indicted by the September grand jury which finished its deliberations and reported to Judge Heard in the Circuit court this morning.

The indictment returned by the inquisitorial body this morning charges the former superintendent with having committed assault on Miss Neva Harzelle, a patient at the county home; the first assault alleged to have taken place early in February and the second on July 31. Wicher will be arraigned before Judge Heard tomorrow to answer to the charges in the new bill.

Find Nine True Bills.
The grand jury was exceptionally busy during its short session and returned nine indictments, bringing the criminal docket up until it will present a long list of cases as soon as service has been secured on all of the parties. The list of indictments returned on which service is secured, follows:

C. J. Jones, colored, burglary and grand larceny.
Charles Bushman, transporting liquor on a public highway.
Milo, June, larceny.
Charles Bishop, larceny.
Edward Burns, larceny.
Clyde L. Wicher, assault.
The members of the grand jury visited the county jail and found that institution and the appurtenant property as being in good condition; that the sheriff is taking proper care of the prisoners and that none of the provisions of the statutes is being violated. They reported that the sanitary and toilet conditions at the jail are in need of immediate improvement and recommend that they be placed in the proper condition.

Caretaker George Eichenberg was commended by the body for the neat and clean condition of the court house and property surrounding.

Judge O. E. Heard went to Freeport last evening and will return tomorrow morning to take up the work of the term in the circuit court.

30 MEMBERS OF CO. F TO RANGE SUNDAY

Thirty members of Company F, under command of Lieut. Decker, will leave Dixon at 1:19 Sunday afternoon for Camp Logan, Zion City, for their practice on the state rifle range, as recently authorized by Adjutant General Frank S. Dickson. The state pays the men's transportation to and from the range and will provide them with sustenance and tents for one day, which is the extent of the time the men feel they can neglect personal business for the work on the range.

STEAM IN COACHES.
Passengers on the Northwestern railroad reported that for the first time this season steam was turned on in the cars this morning, the chilly night making this necessary for the comfort of patrons.

Mrs. W. E. Weurth went to Chicago this morning for a short visit.

LLOYD GEORGE WILL INSIST THAT FORMER KAISER BE PUT ON TRIAL

Paris, Sept. 16.—(Havas)—Premier Lloyd George is determined to have it settled that the peace conference demand from Holland the handing over of former Emperor William, according to Le Journal today. The newspaper asserts that the premier, who is planning to leave Paris today will insist before his departure upon having such action decided upon.

The peace treaty with Germany arraigns William Hohenzollern, the former German emperor, "for a supreme offense against international morality and the sanctity of treaties" and provides for a special tribunal to try him. The clause of the treaty dealing with this question closes with this sentence: "The allied and associated powers will address a request to the government of the Netherlands for the surrender to them of the ex-emperor, in order that he may be put on trial."

DIXON EXPECTED TO DO ITS BIT IN ONE DAY DRIVE ON MONDAY

Quota for Salvation Army Should Be Raised in Single Day.

The people of Lee county will have the opportunity next week of showing in a financial way their appreciation of the fine things the Salvation Army did for the doughboys during the recent war, and with an example set by previous one of Brooklyn township, which yesterday reported its quota in the bank awaiting the draft of County Chairman Major Bradford Brinton, it is expected every township in the county will go over the top easily on Monday, the first day of the big drive. Contributions which will work hardships on no one will bring the total for the county up to the quota and that will make Lee county's record spotless, for in none of the former war activities was the community found wanting.

One Day In Dixon.
The details for the campaign are being worked out by the various township chairmen, and in Dixon it has been decided to follow the plan so successfully carried out in Liberty Loan, United War Work and Red Cross campaigns—a one-day voluntary drive.

Monday has been designated as the day and from 8 o'clock in the morning until 7:30 in the evening the precinct (Continued on Page Two)

NEW ADDITION TO SALES PAVILION WILL BE RUSHED

Work will probably be commenced the latter part of this week on the construction of the addition to the sales pavilion of the Breeder's Sales company in Dementown. Plans have been drawn and filed with the officers of the company and the building committee, calling for a story and a half structure the full length of the lot on Nachusa avenue which was purchased recently.

The building will be hurried with all possible haste so as to have it completed and ready for use for the winter sales already booked. The building will be strictly modern throughout, equipped to accommodate about 75 head of cattle. Cattle pens and box stalls will be of steel construction with a large wash rack in one end of the building. The wooden stalls or pens now in use in the sales pavilion are to be torn out and replaced.

At present over 25 sales are booked to be held in the pavilion during the late fall, winter and early spring months and a long list of applications are on hand from parties who are desirous of leasing the pavilion for private sales.

Sioux Falls Gives Johnson an Ovation

Sioux Falls, S. D., Sept. 16.—Senator Hiram W. Johnson, republican, of California, will speak here tonight in opposition to the league of nations. He will arrive this afternoon and is to head a parade to a downtown hotel where he plans to rest until this evening when he will deliver his address on the same platform that President Wilson occupied a week ago in his appeal to the people for endorsement of the league of nations.

MOVING BARBER SHOP.
E. D. Webb is moving his barber shop today from 103 H-men avenue across the street to the Beier building.

OLD TIMERS FORMING FOOT BALL ELEVEN

Between twenty-five and thirty of the former football stars of the Dixon high school are forming a town team to take on all comers this season, and preliminary practice of the squad, to pick the team regulars, will be held soon. There is a lot of fine football talent in Dixon and a classy team could easily be secured.

SUGGEST BENEFIT.
A prominent baseball fan this afternoon suggested that the Dixon Browns and the former Browns, who a week ago Sunday trimmed Erie, might play a benefit game here next Sunday afternoon for the benefit of the Salvation Army drive, which will start Monday.

C. A. Dimmick, of Route 3, was in town today.

TEETER'S DEATH WAS CAUSED BY BRUTAL ASSAULT

Told Police I. W. W. Thrown Him Over Bridge Rail.

Lee Teeter, of this city, whose death was reported in Saturday's Telegraph, was the victim of I. W. W. holdups and thugs at East Grand Forks, Minn., according to the story that he told to the police of that place while in the St. Michaels hospital where he died Friday evening. He was robbed of all his savings and part of his clothing and his body thrown over the railing of a bridge over Red river, landing on the rocky embankment. He sustained a broken back and was rendered unconscious. The Grand Forks police have no clue as to the identity of the hold-ups, although a fair description was furnished them by the Dixon young man before he passed away.

He was found lying on the rocky embankment beneath the bridge fully six hours after the holdup, and twelve hours then lapsed before the Dixon man regained consciousness long enough to give the police some information as to his identity and relate the story of the holdup.

According to the story he told to the police at the St. Michaels hospital he was waiting for a train to take him to Minneapolis on his way back to Dixon, after three weeks work in the grain fields near Grand Forks. All of his savings he had with him. He was crossing a small bridge when he was accosted by two men who grabbed him dragged him to a dark place on the bridge and relieved him of his overalls, jacket and all of his money as well as papers that would lead to his identification.

Accosted By I. W. W.
A Grand Forks police officer was crossing the bridge about 3 o'clock Thursday morning and heard a voice calling for help from the steep bank of the river. He investigated and found the Dixon man, unable to move, suffering from a broken back and several hours of exposure. Three other officers were summoned and Teeter removed to the police station. The police could find no means of identification and a physician was summoned but very little was done until late in the afternoon when Mr. Teeter rallied and gave an account of the assault.

Several days before he had been stopped by two men, whom he told the police he positively identified as the pair (Continued on Page Six)

Labor League Urges Industrial Peace to Stabilize Conditions

New York, Sept. 16.—Proposals that the president of the United States be made a member of the American Federation of Labor and that all strikes now in progress throughout the country be immediately cancelled in order to meet the present "perilous situation" by which "the foundations of our free democratic government are threatened" are contained in a communication sent to President Gompers and the executive council of the American Federation of Labor by the "League of A. F. & L." Members for Partnership and Industrial Democracy, which was made public here today.

The league was recently organized by John J. Pierce and Isadore Epstein, who were members of a special committee appointed by James P. Holland, president of the state federation of labor, to investigate industrial conditions. The report of the committee which was published on labor day, recommended an industrial truce for six months during which all strikes were to be called off. The report was promptly repudiated by President Holland who discharged Epstein and Pierce from the committee.

Czecho Slovakia to Avoid War in Teschen

Warsaw, Sept. 16.—(Havas)—M. Radzinsky, delegate here for Czecho Slovakia has declared to the Polish under secretary for foreign affairs that the Prague government wishes at all costs to avoid bloodshed in the dispute concerning the Teschen mining district of Silesia. M. Radzinsky declared Czecho Slovakia had firmly decided to use only diplomatic means and that proper arrangements already had been made.

The supreme council of the peace conference Sept. 11 adopted a plan for the settlement to the Teschen dispute. It was agreed that a plebiscite be taken in the district as proposed by the delegates for Poland and Czecho-Slovakia.

Scott Morris and Joshua Reed were Dixon visitors Friday.

ROBBERS ENTER S. DIXON HOME MONDAY P. M.

Another of Series of Robberies Reported to Officers.

The Harrison Wadsworth farm residence on the Pump factory road in South Dixon township, was entered and thoroughly ransacked between the hours of 1 and 5 o'clock yesterday afternoon, reports of the case being made to both the police and sheriff's office last evening. A lady's golf watch, some necklaces, a ring and a small amount of money were taken.

Mr. Wadsworth was working in a field some distance from the house and Mrs. Wadsworth left the house for the afternoon, leaving the doors unlocked. It is suspected that a tramp entered the place, knowing that none of the members of the family were at home and thoroughly ransacked the place.

A tramp, who was seen in the vicinity and slept in the Lievan school last night, was suspected and the sheriff's office notified of his presence this morning. Sheriff Schoenholz and Deputy Phillips were called and found the stranger washing some clothes in a pool of water near the North-Western cut off. He was thoroughly searched and questioned but gave a good account of his actions and was allowed to proceed with his washing.

One Of a Series.
This is one of a series of house ransackings that have taken place or have been attempted within the last ten days. A week ago last Sunday afternoon, two strange young men entered the J. N. Lightner residence, 813 Woodlawn avenue, and ransacked every room in the house, including the basement. As far as is known, only a few articles of clothing and several cans of strawberry preserves were taken.

A new pair of shoes belonging to Merle Lightner were taken and a short distance from the house, near the Illinois Central tracks, several broken jars of the preserves were found, together with an old pair of shoes indicating that one of the members had changed foot wear near the house. Mrs. Floyd Egler, who lives across the street from the Lightner residence, noticed two strange young men enter the yard late in the afternoon but did not suspect their purpose, believing that they were taking a short cut to the Illinois Central railroad tracks. Two other homes in the near vicinity are said to have been visited but not ransacked and the A. A. Rowland home was entered in the absence of the family and a few articles taken last week. The Lightner robbery was not reported to the police according to Chief Van Bibber.

AUTO HIT SURREY; WOMAN IS INJURED

As Mr. and Mrs. John Lahey and three children were returning to their home at 1021 No. Galena avenue Sunday evening in their surrey, the buggy was struck by a speeding Ford, said to be the property of a Mr. Book, and was wrecked. Mr. Lahey and two children were thrown from the surrey. Mrs. Lahey was badly bruised, the rest escaping injury with the exception of minor bruises. The accident occurred at the foot of the hill near 742 N. Galena avenue. Two tires were torn from the Ford and the top was somewhat damaged.

COMPTON MAN NAMED ON INLET COMMISSION

William A. Webber of Compton has been appointed commissioner of the Inlet Swamp Drainage District by County Judge John B. Crabtree to succeed Xavier F. Gehant, who has been on the board for many years. Three candidates appeared for the place when Mr. Gehant's term expired, and the county judge was forced to choose between X. F. and Frank Gehant and Mr. Webber. The other commissioners are B. F. Lane and A. H. Nichols.

LAWYERS TO MEET HERE TOMORROW EVE

The regular quarterly banquet of the Lee County Bar association will be held at the Nachusa Tavern tomorrow evening at 7:30. All members of the association are expected to be present as important business will come before this meeting.

U.S. ASKS JAPAN TO SET DATE OF SHANTUNG RETURN

Washington Silent on Honolulu Report of Communication.

BULLETIN.
By Associated Press Leased Wire
Honolulu, Sept. 16.—The United States has asked the Japanese government to fix a definite date for the return of Kiaoo Chau to China, according to cable advices received here today by the Nippu Jiji, a Japanese daily newspaper.

The cable added that the Japanese government had not answered the communication.

WASHINGTON NON-COMMITTAL.
By Associated Press Leased Wire
Washington, Sept. 16.—Officials here, in the absence of President Wilson and Secretary Lansing, will not comment upon the report that the United States has asked Japan to set a definite date for the return of Kiaoo Chau to China. The general impression in official circles is that the report is well founded.

Japan's answer to such a request by the government would have an important bearing on the senate's consideration of the peace treaty as one of the objections to it on which opposition is being centered in the Shantung provision.

Administration supporters of the treaty feel that a definite announcement by Japan setting a date for the return of Kiaoo Chau would go far to remove that point.

DEFICIT OF OVER THREE BILLIONS BY JULY 1, 1920

House Committee Says Greater Economy By Nation Necessary.

By Associated Press Leased Wire
Washington, Sept. 16.—A deficit of more than three billion dollars by July 1, 1920, is facing the treasury, and should Congress not appropriate another penny before that date Chairman Good of the appropriations committee today informed the house warning it that "greater economy than ever exhibited before" must be practiced by government departments.

Already the government is committed to expenditures for the year ending next June 30, of \$10,831,261,585 while the total revenues are estimated at \$7,239,928,240.

"The price of living may be reduced somewhat by a vigorous enforcement of laws," said Mr. Good, "but no real benefit will be felt until the cost of production is reduced, and it may be necessary to reduce very materially our circulating medium. If the nation is to receive relief from present unrest and from high prices of the necessities of life, our people must practice the strictest economy. The government through its executive departments should lead in this crusade."

Minnesota Senate Favors \$15 Bonus

By Associated Press Leased Wire
St. Paul, Sept. 16.—The senate today by a unanimous vote passed the house bill providing a bonus of \$15 for each month of service for soldiers, sailors and marines who served the colors at some time between the declaration of war and the signing of the armistice. The minimum bonus is \$50.

Nitrate Plant Burns with \$2,000,000 Loss

By Associated Press Leased Wire
Sheffield, Ala., Sept. 16.—Fire last night destroyed warehouse No. 4 of the J. G. White engineering corporation at Mussel Shoals, the government nitrate plant, the loss being estimated at \$2,000,000. The major portion of the loss was on electrical equipment.

Bullitt Statements Denied in England

By Associated Press Leased Wire
London, Sept. 16.—"An authorized" denial to statements made by W. C. Bullitt, formerly attached to the American peace delegation, before the foreign relations committee of the United States senate which is printed in London newspapers this morning is attracting more notice here than Mr. Bullitt's evidence before the committee. The opinion is general that explanations are imperatively needed.

WILSON IS CROWNED HEAD OF QUITTERS, SHERMAN DECLARES

Adopt League as Drafted and Prepare for New War, He Asserts.

By Associated Press Leased Wire
Washington, Sept. 16.—Senator Sherman, republican, Illinois, attacking the league of nations today in the senate, declared if the league covenant were ratified as drafted American mothers "will but cradle their sons to fill the muster rolls of armies to give their lives in foreign wars."

Replying to attacks by President Wilson on senators opposing the league, the Illinois senator asserted "the president himself is the crowned monarch of quitters without a rival in the western hemisphere" and that "his silence and speed when escaping from his imperishable principles of yesterday is an abysmal and swift as primal chaos."

"We have now reached that crisis," said Senator Sherman in the course of a lengthy and spirited address, "where we must choose between exhausting ourselves to make the old world safe for some of its nations and making the United States safe for the American people."

"When we decline to ruin ourselves," he continued, "we wreck our government and destroy our country by a mad crusade around the world as the guardian angel and knight errant of oppressed (Continued on Page 5.)

STRIKE NAMES OFF CO. RECORD

The board of supervisors at their session this morning struck from the county records the names of members and former members of the board who were mentioned as having had improper dealings with Clyde Wicher, former superintendent of the Lee County Infirmary, in two reports returned by the special session of the April grand jury during the month of July.

In those reports Supervisors Buckley, Buckalo, Edwards, McCleary, Sterling, U. G. Dysart, Moyer, Young and W. C. Jones were named as having had dealings with the county home management contrary to the statutes.

Much of the morning session of the county dads was given over to the reading of committee reports on claims against the county, nearly all the bills reported being allowed.

Foreign Demand for Beef is Decreasing

By Associated Press Leased Wire
Atlantic City, Sept. 16.—Conditions of the food markets of the world indicate to the Institute of American meat packers in session here, that the demand for beef from America for meeting short age in Europe has about ceased, and that the demand for pork is slackening while in the United States the agitation against the packers has caused a slump in the consumption.

37 Cases Influenza Reported in Chicago

By Associated Press Leased Wire
Chicago, Sept. 16.—Thirty-seven cases of Spanish influenza today had been reported to the health department in three days. It was during the corresponding week of last year that the epidemic first crept into Chicago.

STEEL WORKERS MEET WEDNESDAY TO DECIDE ON WALKOUT SEPT. 22

Pittsburgh, Pa., Sept. 16.—Organizers, fifty or sixty in number, engaged in unionizing steel workers in the Pittsburgh district, met here today to consider matters coming within their jurisdiction in connection with the proposed strike called for next Monday. According to officers at union headquarters the meeting was called to discuss plans for the strike, exchange views and make further reports of conditions at steel plants, if they are called for by the national presidents of the unions interested in the steel industry.

RELIEF WORK IS PROGRESSING IN ISOLATED TOWNS

Fearful Death List May Be Higher When All Reports Are In.

By Associated Press Leased Wire
Corpus Christi, Tex., Sept. 16.—A military relief train from Brownsville, bringing in 5000 rations and 1000 beds arrived here early today. A second train with additional supplies and hospital supplies is on its way. The commander of the Brownsville district has placed all food supplies, tentage, and physical forces of his district at the disposal of the local authorities for relief work.

By Associated Press Leased Wire
Corpus Christi, Tex., Sept. 16.—The death toll in Sunday's storm will reach between 75 and 100 in Corpus Christi and surrounding towns along the coast, according to an estimate today by Dr. W. E. Willis, city health physician.

Mounting rapidly as reports from heretofore isolated sections began trickling in, the death list as the result of the tropical hurricane which Sunday swept the Texas gulf coast at and around Corpus Christi, was variously placed at from 70 to 150 today.

Just what the storm's toll is probably will not be known for several days, for reports show bodies of victims found at scattered points along the Nueces and Corpus Christi bays, one compilation giving the total recovered at several points as seventy.

The victims found along the bay shores were believed to be largely from Corpus Christi, their bodies whirled away from the city by the receding waters of the ten foot tidal wave that swept in on a 60 mile gale early Sunday.

21 in School Building.
Reports from Odem, Texas, were that the situation in Corpus Christi was "increasingly serious" and the mayor of Sinton, north of Corpus Christi, reported the bodies of 21 storm victims had been gathered in a school house five miles from Sinton.

Another report from Odem was that a Dr. W. C. Reinhart, who returned last night from Corpus Christi, said the number of dead there, at Port Aransas and Portland, might reach 2,000, and that "it was estimated that 200 or 300 bodies have drifted across the bay" from Corpus Christi and other points.

There was no way of confirming this report, but it seemed discounted in view of the fact that the Associated Press was in leased wire communication with Corpus Christi up to 3 o'clock this morning, and at that hour officials of the city and newspaper men still were of the belief that the death list in the city would not exceed twenty-five. (Continued on Page 5.)

Armour Holds Meat a Year, is Charge

By Associated Press Leased Wire
Milwaukee, Sept. 16.—Information containing 31 counts against Armour & Co., Chicago packers, today formed the basis of complaint by District Attorney Zabel covering charges that 100,000 pounds of meat were kept in cold storage houses here for more than a year.

BAND TO FREEPORT.
The Dixon Municipal band went to Freeport this morning to play during the three days' soldier celebration.

KNIGHTS TEMPLAR.
A stated meeting of Dixon Commandery No. 21, will be held at the Masonic hall this evening at 7:30.

STEEL WORKERS MEET WEDNESDAY TO DECIDE ON WALKOUT SEPT. 22

At this session the committee men will discuss plans for the proposed nation wide strike of steel workers beginning Sept. 22, and according to those in close touch with the situation the matter of deferring the strike until after the industrial conference in Washington, Oct. 6, called by President Wilson will be one of the most prominent subjects before the meeting.

Labor leaders continue to stress the fact that the strike has not been deferred, as indicated in news dispatches several days ago.

"The strike of the iron and steel workers who have no union agreement with their employers, has not been called off," said W. Z. Foster, secretary treasurer of the national committee in a statement published here today. "Information reached me from Washington. Unless something unforeseen should intervene, the strike will go on as scheduled."

WILL NOMINATE CANDIDATES FOR CIRCUIT BENCH

Conventions Will Be Held in Freeport on Thursday.

Republican and democratic judicial conventions will meet in Freeport on Thursday for the purpose of nominating candidates for judge of the Fifteenth Judicial Circuit to succeed the late James S. Baume of Galena. The election will be held Nov. 4.

At a meeting of the county democratic leaders the following delegates were named to attend that party's convention: W. B. Brinton, Attorney Henry S. Dixon, John P. Devine, A. H. Hanneken, C. F. Preston, and J. J. Armstrong. It is said there are several prospective candidates for the nomination among the democratic lawyers of the district, and the convention may develop into an interesting session. The Lee county delegation is said to favor the nomination of Attorney Seyster of Oregon, who has been prominently mentioned as the democratic candidate for the position.

Three G. O. P. Candidates It is understood there will be three candidates for the republican nomination: Attorney John Beavers of Galena; States Attorney William Emerson of Oregon; and Attorney Ralph Eaton of Mt. Carroll. The Jo Daviess delegation will seek the nomination of Mr. Beavers on the ground that a man from that county should be chosen inasmuch as Judge Baume was a Jo Daviess man while Attorney Eaton's friends will endeavor to secure the place for him, contending that every other county in the district has some public official while Carroll county has none. The Carroll county delegation argues that Jo Daviess is the home of Congressman McKenzie, Stephenson county has Judge O. E. Heard, Ogle county claims Governor Lowden and Supreme Court Jurist James Cartwright and Lee county has Judge R. S. Parrand.

The delegates to the Republican convention from Lee county are: Harry Edwards, H. C. Warner, John B. Crabtree, E. H. Brewster, A. G. Harris, Mark C. Keller, Martin Gannon, William L. Leech, George B. Shaw, M. M. Fell, Edward F. Giffin and Howard S. Kegwin.

Alternates—W. W. Webber, B. B. Friel, Alex. Sauer, George Stephan, John E. Moyer, C. F. Welty, W. P. Preston, Otto Koehler, H. H. Heinze, M. V. Peterman, C. F. Dewey, and William C. Thompson.

Woman Advises That Intervention is Not Solution in Mexico

By Associated Press Leased Wire Washington, Sept. 16.—Further angles of the Mexican situation were expected to be laid today before the senate foreign relations sub-committee in investigating relations between this country and Mexico.

Miss Agnes Laut, who recently returned from Mexico in advising against intervention in Mexico, laid before the committee last night a solution of the Mexican problem which she characterized as "the beneficent pacification" of Mexico.

In corroboration of her assertion that widespread corruption had afflicted Mexico "nine years of crucifixion" and that "ninety-five per cent of the people is looking for help," Miss Laut described several of the brutalities of which she knew.

An American girl from Nohabka she said now is somewhere in the hills, the captive of Mexicans who dragged her from her home near the Gulf coast. When the band appeared they roped her father and mother and when she, 16 years old, threw herself before the Mexicans, they declared they would kill her parents. She fainted and when revived she found herself alone in the hills with her assailants.

Another story she related was that of a woman whose skin was stripped from her face, the Mexican cutting from the center of the forehead circularly about the face, then tearing the covering loose.

DOUGHBOYS' DOUGHNUTS

Here's the recipe for the famous Salvation Army doughnut: the least of every returned soldier: 5 cups of flour, 7 cups of sugar, 5 teaspoonful of baking powder, 1 saltspoon of salt, 2 eggs, 1 1/2 cups of milk, 1 tablespoonful of lard.

Knead, shape with a doughnut cutter, drop into boiling lard and in a few minutes—there it is. Quantity—four dozen. These doughnuts will be sold throughout Illinois on Doughnut Day which will be one of the features of the Home Service Campaign which the Salvation Army will conduct from September 22 to 29 to raise funds for their works of mercy in this state.

These famous doughnuts which brought renown to the Salvation Army during the war were a mere accident—not the result of a well laid plan. A Salvation Army lassie back of the lines in France was confronted with a line of hungry soldiers, and with the most meagre baking facilities, turned naturally to doughnuts. They made a hit with the soldiers, with the result that the appearance of Salvation Army workers any place along the long battle line meant doughnuts for the soldiers.

HARMON LUTHERAN CHURCH There will be special services at the Harmon Lutheran church next Sunday afternoon. The congregation will have its usual Mission Rally day. The special speaker secured for the occasion, Rev. M. Bischoff of Peru, Ill., will have charge of the services, and will also deliver an appropriate sermon on Missions for the event. Services commence at 3:30 p. m. All Lutherans of the vicinity are cordially invited to celebrate with us, and all other Mission Friends are welcomed to be with us. A special offering will be taken for the benefit of Missions.

Sunday School services will be conducted as usual, beginning at 2:30 p. m. L. G. Krebs, Pastor

HONOR FLAG TO COUNTY REACHING ARMY QUOTA FIRST

Several exciting races are promised when the opening gun of the Salvation Army Home Service Fund campaign is fired on Sept. 22.

Quotas have been fixed for all counties in the state, and it is the plan of the campaign directors to award honor flags to the county which first reaches its quota, and another to the county making the highest percentage over its quota.

Spirited rivalry already has arisen in the ranks of the county chairmen and district chairmen, the result of direct challenges to the race. The decision on the winner will be given according to the amount of money a county paid into the fund, not accounted for in pledges. Some of the counties and cities through which will start a race to obtain the honor.

DIXON EXPECTED TO DO ITS BIT IN ONE DAY DRIVE ON MONDAY

(Continued from page one.)

polling places will be open for the receipt of voluntary contributions. No individual quotas have been assigned, and it is believed by the Dixon township committee that the call of the Army will reach the hearts of Dixon people so deeply that all will call at the proper polling places and give as their conscience dictates the people of this country should show their faithful appreciation of what the Salvation Army did for the American soldiers over there and in the camps in this country.

For Absentees.

Those who expect to be out of the city next Monday—the one day of the drive here—will not be deprived of the opportunity of helping in the great work, for the chairmen are ready now to accept subscriptions and all who desire to do so may now make their contributions to the proper precinct leader, the list of whom is:

- First—William Nixon.
- Second—George Hawley.
- Third—Al Doolittle.
- Fourth—R. C. Bovey.
- Fifth—E. W. Fiala.
- Sixth—W. H. Flemming.
- Seventh—Frank Stephan.
- Eighth—A. G. Harris.
- Ninth—H. W. Harms.
- Tenth—L. A. Pitcher.
- Eleventh—Mayor Mark D. Smith.

This is to be the first chance the people have had to show their undivided approval of and gratitude to the Salvation Army—and the chance will not be in vain. Heretofore the organization's appeals have been combined with those of other War Relief agencies; but now comes the one time when the people of America can do solely for the organization whose young ladies followed the American soldiers right into the battles with doughnuts and hot coffee, with words of cheer and encouragement, and smiles which have placed the Salvation Army lassies on a pedestal along side the Red Cross nurses, beloved and worshipped by the fine young Americans who have tested war's hell. It is owing to the Lee county boys who participated in the war, if for no other reason, that Lee county's contribution to the Salvation Army should be well over the comparatively small quota that has been assigned.

Fish Eat Other Fish.

When a codfish eats it takes an oyster in its mouth, cracks the shell, digests the meat and ejects the shell. Crabs crack the shells of their smaller neighbors and suck out the meat. This accounts for the mounds of shells which are found beneath the waves. And, as further illustrating the constant destruction going on in the ocean's depth, it is said that if a ship sinks at sea it will be eaten by the fish with the exception of its metal portions.

100 Witnesses for Trial of Milk Men

By Associated Press Leased Wire Chicago, Ill., Sept. 16.—Arrangements were completed today for the trial of eight officials of the Milk Producers' association on charges of conspiracy to fix the price of milk and eliminate competition. Trial has been continued several times. The state planned to call approximately 100 witnesses. It was said, and the defense probably would summon an equal number.

The association is composed of 16,427 milk producers in northern Illinois and Indiana and southern Wisconsin.

Nicholas Michels, assistant state's attorney, is leading counsel for the prosecution. Charles S. Deneen, former governor of Illinois, heads the counsel for the defense.

Nemesis.

Nemesis was a goddess of justice and retribution. In Greek mythology Nemesis was a goddess personifying allotment, of the divine distribution to every man of the precise share of fortune, good and bad.

Woman Thinks She Can't Talk Enough

"I had gall stones for 14 years and suffered severely from gas, colic and indigestion. Doctors wanted me to go to the hospital, but I took Mayr's Wonderful Remedy instead, and am now feeling fine and better than I ever did. I can't talk enough about this remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes precariously at stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by Druggists everywhere.

Premier Nitti Faces Crisis as Result of Action of D'Annunzio

By Associated Press Leased Wire Paris, Sept. 16.—Premier Francesco Nitti, of Italy, faces a governmental crisis as a result of his denunciation of Captain Gabriele D'Annunzio, who last week entered Fiume at the head of a strong force of "irregular" troops and who has since been receiving reinforcements, according to advices from Rome. The supreme council of the peace conference has decided to allow Italy to deal with the serious situation that has arisen in Fiume deeming it a purely internal matter.

Captain D'Annunzio, according to a Belgrade dispatch has proclaimed a union of Fiume and Italy the message adding that anarchy reigns in the city and that allied flags have been torn down. Tommaso Tittoni, Italian foreign minister and head of Italy's delegation at the peace conference will leave for Rome today.

To Repair Book Covers.

Beautiful books are generally bound with leather, and if they are in constant use the calf or morocco soon becomes worn. To remedy this, use equal quantities of white of egg and water beaten together, apply with a soft brush or piece of flannel, and when thoroughly dry polish with a fresh piece of flannel.

HELP SOLDIERS THRU DIFFICULTIES

There is often a great financial chasm between the time of discharge of a soldier, and the time he is able to start anew in the business and industrial world.

The Salvation Army bridges this chasm. In Chicago, a department has been opened in conjunction with the federal bureau established to obtain employment for returned soldiers. In this office the soldiers are given civilian clothing—new, not second hand—the price of the clothing depending upon the work the soldier is to do.

In addition the Army has a fund from which money may be borrowed by the soldier without security or interest. This money may be paid back at the rate of a dollar a week. The soldiers may pay back the Army for the clothing they obtain, but when they ask for assistance, they are never told that the money must be forthcoming in the future.

Only Real Riches.

There is no wealth but life; life, including all its powers of love, joy and of admiration. That country is the richest which nourishes the greatest number of noble and happy human beings; that man is richest who, having perfected the functions of his own life to the utmost, has also the widest helpful influence, both personal and by means of his possessions, over the lives of others.—Ruskin.

Only 31,473 Men in Seven Army Divisions

By Associated Press Leased Wire Washington, Sept. 16.—The seven regular divisions which the war department plans to maintain at full strength today comprise only 31,473 officers and men, or but little more than the strength of one division. The first division because of its scheduled parade here tomorrow has been kept as near intact as possible and now includes 17,000 men including temporary personnel, but the other six divisions average around 2,500 officers and men each.

Smart Women are asking for the "Grenoble"

This "Grenoble" coat is a good example of the newest silhouette—straight at front and back with a smart flare at each side.

The one illustrated acquires its new silhouette by a circular skirt which flares below a slightly bloused waist. Even the collar likes to be different with long tabs that make an odd cape effect at the front. \$49.50.

Come in and see several other adaptations of this newest silhouette from Paris. Each one attains the new line in a distinctly different manner.

THE SACRED RITUAL

Two groups of men had come together
to discuss a labor controversy, one
representing capital, the other labor.

"Your demands," said the spokesman
for capital, "go beyond all reason. The
wages asked for are too much, the
working hours too few. We cannot un-
derstand your complaints against shop
conditions, for they are no different
from what they have always been. I
must tell you frankly that while you
maintain this attitude we can never
agree."

The delegation of the workers made
answer:

"Our demands are just. We must
have this increase in pay and will ac-
cept no compromise upon it. We are
instructed not to yield an inch in the re-
quest for a shorter working day. The
shop conditions are become tyrannical
and oppressive, and are not to be borne
longer. We must tell you clearly that
while you hold this autocratic, resisting
attitude there can be no basis of agree-
ment."

There rose up then a small, worried-
looking individual who had slipped into
the room unnoticed.

"I see," he cried out, "how this thing
is going. You are moving straight to-
ward a strike or a lockout. Now in con-
nection with every strike or lockout
there is a terrible loss of time and
treasure, a costly disturbance of busi-
ness, a shock to the social order, a bit-
ter political crisis perhaps, always suf-
fering among the women and children.
And invariably a settlement follows. I
ask of you gentlemen, I demand in the
name of the general public, that you
cut all these attendant evils, dispense
with all the bluster and threats and
have the settlement before you leave
this room. It means only reaching the
agreement now which inevitably has to
be reached."

"Terribly angered by this wicked indig-
nity to the sacred traditions of industry,
employers and workers rose as one man
and threw the iconoclast out of the win-
dow.

Capital and Labor smiled brotherly at
each other. They had found one thing
upon which they were thoroughly
agreed.

American aviators are not encourag-
ed in the practice of dropping in on
Mexicans at all hours.

Among the profiteers, a motion to

this afternoon to his summer home at
Henderson Harbor from a short excur-
sion to the Galloway Islands and was
shown a copy of the report of the Bul-
litt testimony before the senate foreign
relations committee as well as a news-
paper comment. He read the matter
submitted and reiterated his stand of
Friday that he had absolutely no com-
ment to make.

HONOR MISS READ—

The Misses Frances and Sue Patrick
entertained Saturday evening in honor
of Miss Bell Read, a bride-to-be. A mock
wedding was a feature of the evening's
entertainment and a luncheon was served,
with a basket of asters suspended
above the table and ribbons carried
from it to the corners of the table, as
the decorative feature of the luncheon.

A number of beautiful gifts of various
kinds was presented Miss Read. The
guests were Miss Elizabeth Barge, of
Moline, Miss Eunice Laing, Miss Louise
Sternberg, Miss Eleanor Coppins,
Miss Marion Dixon, and Miss Ruth
Chiverton.

This evening Miss Lucile Mason en-
tertains for Miss Read with a linen
shower.

BIRTHDAY SURPRISE—

The members of the Church of God
very pleasantly surprised Miss Alice
Kerr in honor of her birthday Thurs-
day. A sumptuous scramble dinner was
served at noon. Miss Kerr was pre-
sented with a number of pretty and
useful gifts. Among the out-of-town
guests were Mrs. Fred Drew and Miss
Bertha Drew, of Franklin Grove.

TO MILWAUKEE-DOWNER—

Miss Myrtle Swartz left Monday af-
ternoon for Rockford where she was the
guest of Miss Ruth Countryman for the
night. Today both went to Milwaukee
where they are to be students in the
Milwaukee-Downer college for women.

Russian Troops Open
Archangel Offensive

By Associated Press Leased Wire
Paris, Sept. 16.—(Havas)—Russian
troops on the Archangel front are car-
rying out a successful offensive against
the bolsheviks in the railway sector,
says an Archangel message received
here. Russian volunteer troops, it is
announced, have occupied the town of
Onega, which has taken by the bols-
heviks in one of their recent pushes

ently suspended on September 25, ac-
cording to orders received today by
camp authorities from the war depart-
ment. Together with Camps Devens,
Lee, Shelby, Taylor, Travis and Forts
Bliss and D. A. Russell, Grant will be
closed as a discharge center on Thurs-
day, September 25.

Palmer Arraigned for
Mrs. Brown's Murder

By Associated Press Leased Wire
Chicago, Sept. 16.—L. C. Palmer,
charged with the murder of Mrs. Louisa
Brown, a widow, in her home in May-
wood, was given a preliminary hearing
today and the case was continued to
September 26.

Police continued to follow out various
theories in the case and announced that
a woman and a man were being sought.
The body of the widow was discovered
beaten and strangled last week.

Police Halt Bandit
Gang; Recover \$8000

By Associated Press Leased Wire
St. Paul, Sept. 16.—More than 50
shots were exchanged in a running
fight between St. Paul police detectives
and three bank bandits who robbed the
Mendota state bank at Mendota near
here this morning. All three of the band-
its were captured. One was slightly
wounded. The loot amounting to \$8000
was recovered.

The Unknown Quantity.

When a thing like that happens a
man does not know exactly where he
is or how he feels. The largeness and
the smallness of the world amaze him;
the mystery of life bewilders him; he
is confused in the presence of the un-
known quantity. How he behaves,
what he says or does, depends entirely
upon instincts beyond his control. This
is what happened to Richard when he
heard the voice of Carola.—Henry
Van Dyke.

Submarine Coal Mines.

There are many submarine coal de-
posits off the British isles, but so far
they are not much worked. The tun-
nels of the mines at Whitehaven ex-
tend some four miles from shore under
the Irish sea, however, and there also
is some submarine coal mining at
Bolness near the Firth of Forth and
at Monkwearmouth in Durham.

Dreaming of Cats.

To dream of cats is said not to be
lucky. If you dreamt of a black cat,
your enemies are active; to be bitten
by one indicates misfortune; burglars
are about when a cat follows you in a
dream; while to dream you are
stroking one means, beware of false
friends.

Large Airplanes to
Carry Foodstuffs to
Hurricane Victims

San Antonio, Tex., Sept. 16.—Seven
scout airplanes were ordered from Kel-
ly Field to Corpus Christi today and if
they can find a suitable landing field,
larger planes will be sent later to carry
supplies from stalled relief trains to the
stricken city. The scout planes also
will endeavor to get news from Rock-
port which is cut off from all commun-
ication.

The relief train sent from San An-
tonio, last night by General Joseph T.
Dickman, commander of the southern
department, was reported at noon to be
held up at Alice, Texas, by destroyed
track. Another train ordered from
Brownsville also was reported stalled
at Alice. Efforts are being made to re-
pair the track.

Case Against "Big 5"
Packers is Prepared

By Associated Press Leased Wire
Chicago, Sept. 15.—The government's
case against the "big five" packers for
alleged violation of the anti-trust law
will begin here tomorrow with presen-
tation of a mass of evidence to the fed-
eral grand jury. Isadore J. Kresel,
special attorney for the government in
charge of prosecution of the packers,
announced today he would present a
report of his investigation of the opera-
tions of the packing concerns.

NEW TELEPHONE CABLE.

The construction crew of the Dixon
Home Telephone company this morn-
ing started work on the Galena avenue
bridge, preparatory to stringing a new
cable carrying 600 pairs of wires across
the river. The linemen will start the
work of stringing the big cable across
the bridge tomorrow morning. This
will take the place of smaller cables
that have been in use for some time
and were strung beneath the floor of
the bridge.

ure at last.

Vatican Choir Boys
Held at Ellis Island

By Associated Press Leased Wire
New York, Sept. 16.—Eighteen boys,
members of the vatican choir of 70
voices, which arrived here today on the
steamship Belvidere were sent to Ellis
island by immigration authorities and
not allowed to land because they are
under 18 years of age and not accom-
panied by their parents.

The choir, which is to make a tour
of the United States and Canada, was
recruited from the singers in the 15
different chapels of the vatican. It
includes 12 priests. Its oldest member,
Tomaso Mori, who is 70 years old, has
been a member of the organization
since he was nine and still retains his
soprano voice. The youngest member
of the choir is 8 years old.

New Army Bill Will
Allow Conscription

By Associated Press Leased Wire
Washington, Sept. 16.—Under the
army reorganization law as the war de-
partment is asking congress to pass it,
Chief of Staff March told the house
military committee today conscription
of men between 18 and 45 would begin
automatically on declaration of war
without any other action by congress.
Volunteering would be wiped out but
the national guard would be left in-
tact. The chief of staff also told the
committee the war department consid-
ered universal military training of
young men without actually enrolling
them in the army constitutional.

Arthur Huggins went to Chicago this
morning, where he has accepted a po-
sition with the Carson Pirie Scott com-
pany.

Joseph E. Hess left this morning for
Muncie, Ind., where he will visit for a
month with relatives.

House Gives Thanks
Instead of Sword to
Gen. John J. Pershing

By Associated Press Leased Wire
Washington, Sept. 16.—Opposition of
several members, privately expressed,
caused house leaders today to abandon
the proposed gift of a sword to General
Pershing. Republicans and democrats
were among those opposing an appro-
priation of \$10,000 for the sword, con-
tending that a vote of thanks to the
general, his officers and men was suf-
ficient.

After the decision was made, Chair-
man Kahn of the military committee
offered the resolution of thanks, which
was adopted. Representative Schall, in-
dependent, Minnesota, casting the only
dissenting vote. It then went to the
senate. The resolution says:

"The thanks of the American people
and of the congress of the United States
are due, and are hereby tendered to
General John J. Pershing for his highly
distinguished services as commander-in-
chief of the A. E. F. in Europe and
to the officers and men under his com-
mand for their unswerving duty and
valor throughout the war."

No mention of the sword was made
on the floor.

ELDENA FORWARD CAMPAIGN.

A "Forward Campaign" rally will be
held at the Eldena United Evangelical
church Wednesday evening. In addi-
tion to a talk by the pastor, Rev. J. H.

DEAN OF MOOSEHEART TO SHOW WORK DONE IN FINE INSTITUTION

Free Illustrated Lecture
to Be Given Here
Thursday Eve.

Public attention has lately been directed toward the great work of the government in rehabilitating disabled soldiers and sailors of the late war and by giving them a course in vocational training, refitting these men for civilian life and giving many of them a new start along the useful lines of endeavor necessary to reconstruct the great industrial lines and refit the soldier that he may occupy his proper place as a useful citizen to this country in the future.

The government selected several universities and among those for vocational training was the Mooseheart Institute, the "Loyal Order of Moose" School that "Trains for Life," and at this institution many returned service men are being trained in vocational lines that are already showing wonderful results.

The school at Mooseheart has always occupied a position of prominence as an educational institution and the Mooseheart plan has been adopted by a number of cities throughout the United States as a pattern for their public school systems in vocational training.

The Dixon lodge of the Loyal Order of Moose realizing the public to be highly interested in what is being done for the service men has arranged to present an illustrated lecture on Mooseheart with Dr. J. A. Rondthaler, the Dean of Mooseheart, as the speaker. In the course of the meeting there will be exhibited the four reel motion pictures of Mooseheart, said to be the most wonderful, instructive and embodying entertainment features, well worthy of the time and attention of any one, together with a good musical program.

The local lodge feels that they are especially fortunate in having at Dixon Opera House, Thursday evening at 8 p. m., as Dr. Rondthaler has made a record, seldom, if ever, equaled by any other educator or lecturer. He has visited nearly every city in the south, southwest and west and spent nearly twelve months on the road in the interest of Mooseheart and its vocational training.

The newspapers throughout the United States have been loud in their praise of Dr. Rondthaler, and his forceful eloquence, for, it is said, that his story of Mooseheart is so interesting and entertaining that it is considered a feature all thinking people should hear, especially at this time when the reconstruction period is prominently before the public. This lecture and entertainment is under the auspices of one of Dixon's foremost fraternal organizations, yet it is of such importance that it is said that the matter was not considered from fraternal standards only. The public is urged to attend this big free entertainment with the assurance that the evening's offering will contain a message for every man, woman and child in the audience of Dr. Rondthaler.

Canadians and the Arctic.

Vilhjalmur Stefansson is a Canadian Iceman. He is of subarctic descent, born in Manitoba. His name does not appear in the exploration records of any "Who's Who" published in Canada. He is known to most people as the man who discovered the blond Eskimos. But this was the least achievement, says the Canadian Courier. What Stefansson and Captain Bernier, Canadians, have done most of all is to demonstrate that Canada has an independent original claim to the fruits of exploration in her own share of the arctic. Canada has the world's record for arctic coast line. Russia and Scandinavia have all that Canada has not. Canada's right of eminent domain in the arctic is marked by the British flag; and if his advice is followed by the government trade may follow the flag, even in the arctic. When we come to commercializing the muskox the Peace River valley will have become the middle of Canada.

One More Great Diamond.

Since Captain Wells picked up the 20-ounce crystal on Tom Cullinan's field in the Transvaal in 1905, the Cullinan diamond weighing 3,025 3/4 grains uncut, there has been no new addition to the roll of the world's big diamonds until the just reported finding of a 388 1/4 carat stone at the Jagersfontein mine on Orange river. This is a true "Jager" in the language of the trade, a soft blue-white, and said to be nearly perfect. What cutting will do with it can hardly be guessed. In cut form the weight of historic diamonds, barring the Cullinan, ranges up from the far-famed Kohinoor, 106 1/4 carats, to the Nizam, 277 carats. The Jubilee is 239, the Victoria 288 1/2, the Regent or Pitt, 146.

The Great Bell at Metz.

As for Metz, there was a sound in the fortress town which dominated all others. La Mute, the great cathedral bell, pealed forth victory and deliverance. She rang the knell of the town in 1870, when the Prussians came marching through her streets, and ever since every child has known that if deliverance came, then would La Mute be heard ringing Lorraine back to France. For over 400 years La Mute has rung for all the joys and sorrows of the Messins, for she is the last of a long line of famous bells cast in the Metz of medieval France.—Christian Science Monitor.

Adaptability.

"You used to be something of a singer," replied Uncle Bill Bottletop. "An' prohibition won't stop me, I'm learning to warble 'The Old Oxen Bucket' instead of 'Landlord, Fill the Flowing Bowl.'"

RELIEF WORK IS PROGRESSING IN ISOLATED TOWNS

(Continued from page one.)

By Associated Press Leased Wire
Corpus Christi, Tex., Sept. 16.—With troops patrolling the main street and relief trains headed this way from many parts of the state, Corpus Christi today began slowly emerging from the wreckage caused by the gulf hurricane which struck the city early Sunday bringing death to an unknown number of persons and doing property damage of millions.

It was impossible this morning to get anything like a correct estimate of the fatalities. In the city proper, the death list was placed by some officials at between fifteen and twenty-five but that was regarded by many as far too conservative. In some quarters it was said the number of injured would exceed 200.

One report in circulation today, but as yet unconfirmed, was that 120 bodies, most of them recognized as residents of Corpus Christi had been taken from a reef near Portland, on Nueces Bay, upon which Corpus Christi is situated.

3,000 Made Homeless.

More than 3,000 persons were made homeless by the storm and the problem of taking care of them was one of officials faced when they began the day.

Considerable anxiety was expressed regarding the fate of the launch Waldo with fifteen persons on board, which left Corpus Christi Saturday afternoon on a fishing excursion. Since the storm no word has been received from the party, which included four women.

Fears are entertained that a heavy casualty list will be reported from surrounding towns, several of which were directly in the path of the storm.

Relief Trains Dispatched.

The dispatch of relief trains to Corpus Christi followed energetic action taken last night by Governor Hobby and General Joseph T. Dickman, commander of the southern department of the United States army. At the request of the governor, General Dickman immediately dispatched a train with food, medical supplies and blankets. In the meantime the governor issued a proclamation calling upon all of the citizens of the state to lend assistance to the storm sufferers.

Some relief was afforded the homeless shortly after midnight when the first train to reach the city in many hours arrived with foodstuffs and other supplies from Kingsville and Robstown.

70 BODIES FOUND.

By Associated Press Leased Wire
Sinton, Tex., Sept. 16.—Sinton is acting as the relief headquarters for the entire surrounding bay shore territory where already seventy bodies mutilated beyond recognition have been found. The count so far shows that there were forty found at Westport, twenty-two at White Point, four or five below Odem and a few at Portland.

No one was killed at Sinton but property damage was high.

Undertakers from Houston arrived early today and have begun the work of embalming throughout this territory. Bodies are being held at ranch houses and schools.

CUTTER CARRIES SUPPLIES.

By Associated Press Leased Wire
Washington, Sept. 16.—Official reports to the coast guard from the Texas storm district said relief measures have been left entirely to the discretion of the district officers. While virtually all extra equipment east of Galveston has been rushed to Key West, where the storm first broke, a cutter at Galveston offers means of transporting supplies to devastated regions.

Ireland Still Medieval.

In Ireland we are still medieval, and think that how to live is more important than how to get a living. When I was a young man if I announced that I intended next morning at break of day to start on some enterprise of amusement, or it might be of high duty, the whole family would get up to see me off; but if it were on some matter of mere commercial gain, I would breakfast in the care of the servants. It was thus through the whole of Irish life.—John Butler Yeats.

WILSON IS CROWNED SHERMAN DECLARES HEAD OF QUITTERS,

(Continued from page one.)

humanity everywhere, we are denounced as quitters and poltroons by the senator from Nebraska (Mr. Hitchcock) and on executive who avows he thinks more of the league than his oath to protect the government."

Wilson Wants Third Term

Suggesting that President Wilson is inclined to seek a third term, Senator Sherman declared:

"The president's second hieira from the capitol is the threshold of that candidacy. He has announced the league and treaty are greater than our government. He is ready to die for our government. A third term he puts by again and again. But each time is gentler than the other. To save the greatest document in the world's history no sacrifice will be refused. A third term on an issue of subordinating our government to the league is as little as an internationalist patriot can offer to the world. Who would not hear voices in the air on such a proposal. The gravity of such a service will justify him in doing anything. The issue is joined now."

By the Shantung agreement, Senator Sherman said, an ancient and friendly nation was to be "dismembered" and because of the Fiume controversy, Italy's good will lost.

"All must pass under the yoke of his epithets who will not respond to his flight into the dim world of Wilsonian dreams," Mr. Sherman declared in again turning to President Wilson. "And from this cavern of counterfeit moralities and cock-loft of scholastic gable has the sublime assurance to asperse senators who refuse to abase themselves before the tottering throne of the chief rhetorician whose metaphysical thunder no longer inspires either respect or fear. Let the swarm of satellites, basking in the sunshine of patronage and sniffing the fragrant trade winds of administration favors gratify him with their anthems of ineffable perfection. The louder their hallooahs now the more fervent the malediction at the inevitable end."

GRACE CHURCH NOTES.

A party of twenty-three motored to Sterling last evening from the Grace Evangelical church of North Dixon and took part in the "Forward Campaign" there. F. W. Beckingham spoke on "The Prayer Meeting," Mrs. C. G. Unangst, on "Family Worship," and Rev. C. G. Unangst, on "Bible Study." The meeting was well attended and enthusiastic.

Two weeks ago the Ministerial association of Dixon decided to hold meetings at the State Colony and on Sunday the second meeting was held there at 3 o'clock Sunday afternoon, with Rev. C. G. Unangst, pastor of the Grace Evangelical church, in charge of the service. Twenty of the people of Grace church accompanied the pastor and took part in the service. Miss Minnie Zigler sang a solo and Mrs. C. Buzzard and Mrs. C. G. Unangst sang a duet. Miss Cleo Deeter presided at the piano. Rev. Mr. Unangst gave a short gospel sermon. The service was attended by both the patients of the institution and the attendants.

Surely Drafty.

There are all sorts of different ways of bringing a thing home to people. Take the case, for instance, of a member of the Essex district council in England, recently, who wanted to enable his fellow-councillors to realize the shameful disrepair of a certain cottage near by. It was so drafty, he said, that tunes could be played on a mouth organ moved up and down along cracks in the walls.

Only That Difference.

As I was going shopping I met a charming little fellow, who spoke to me quite politely. In further conversation I inquired his name. "Oh," he answered with easy assurance, "it's just the same as my daddy's, only it's got 'Mr.' on the end of it."—Chicago Tribune.

BOSTON FIREMEN VOTE TO REMAIN AT THEIR POSTS

Will Not Walkout to
Help Policemen
Win Demands.

By Associated Press Leased Wire

Boston, Sept. 16.—Officers of the fire department will not join in a sympathetic strike to aid the policemen. This was announced today after a meeting of the directors of the officers' club which represents fifteen per cent of the fire fighting force of the city. The vote was unanimous.

Fire Commissioner John R. Murphy announced that he "had reason to believe" that the firemen as a whole would remain loyal to the city.

On the whole the second week of the strike opened with no material change in the situation.

The announcement that Mayor Peters and Commissioner Curtis had agreed on a minimum addition of \$300 to the pay of the police, it is believed, will result in a marked increase in the number of applicants for positions. This increase would bring the minimum pay of policemen to \$1,400.

General Strike Unlikely

While nearly 100 unions were said to have voted on the question of sympathetic action with several large locals, including the telephone operators union expected to ballot today, the agitation for a general strike appeared to be considerably lessened.

Guy Oyster, secretary to Samuel Gompers, who conferred with the union leaders and with Commissioner Curtis yesterday, was expected to remain here several days.

Troops to Stay Indefinitely

That the military authorities have planned for an indefinite stay of the state guard troops who are patrolling the city, was indicated by the arrangements made for their comfort and the receipt of a large quantity of clothing and supplies today.

Since taking command of the situation as commander in chief of the states military forces, Governor Coolidge has received 900 telegrams bearing on the strike from all parts of the country. He announced that all but three were commendatory of his action.

Political Corruption.

Corruption in political life is really skepticism. It is a distrust, a disuse which has lasted so long that it has grown into disbelief of political principles, of the first fundamental truths of the sacredness of government and the necessity of righteousness.—Phillips Brooks.

Judging Materials.

When buying woolen materials hold them up to the light and look through them; the best qualities are free from uneven and broken threads.

Y. M. C. A. REOPENED AFTER FEW REPAIRS

The Y. M. C. A. has opened after being closed for one week to have some repairs made and to freshen up with paint the gymnasium, bowling alleys and shower and locker rooms.

The bowling alleys are being put in first-class condition for the season's use. W. D. Baum has had a force of men at work for some days on the alleys to true up and surface them. That work is completed so that now the alleys are perfectly true and accurate, all that remains to be done is to put on the finishing coats of shellac and they will be ready for use.

All of the bowling balls that were in need of it have been repaired and made right. It is the intention of the bowling committee to have the alleys in perfect condition for that department of the Y. M. C. A. promises to be more popular than ever.

Half of U. S. Tanks Out Action One Day

By Associated Press Leased Wire

Washington, Sept. 16.—The average life of a tank in battle was 47 days and nearly one-half of the American fleet of 78 was put out of action the first day of the Argonne battle. Brig. Gen. Samuel D. Rockenbach, tank corps commander, has disclosed these figures to the senate military committee in urging continued developments of tanks, pointing out that despite damage to the tanks, casualties among the crews were light.

Serbia Will Accept Treaty with Austria

By Associated Press Leased Wire

Paris, Sept. 16.—(Havas)—Serbia, which with Rumania did not sign the Austrian peace treaty, will attach a balanced signature to that document, according to the Echo De Paris today. It has information, it says, that such a step on the part of Serbia's delegates is certain and that action to this end is to be the first taken by the new Serbian ministry when its formation is completed.

WILSON INVADES CALIFORNIA, HOME OF SEN. JOHNSON

Will Make First Talk
at San Francisco
Early Tomorrow.

By Associated Press Leased Wire

On Board President Wilson's Special, Sept. 16.—Heading southward for San Francisco, President Wilson today begins a six days' visit to California in the interest of the peace treaty.

On the longest leg of his western tour his train had no stops scheduled during the entire day and the president improved the opportunity to rest from his arduous speech-making campaign in the northwest. He left Portland, Ore., last night and will arrive in San Francisco tomorrow morning, completing the first half of his 10,000 mile swing around the circuit.

Although Mr. Wilson has only one address a day on his schedule for the remaining four days of the week, it is considered likely that he may break his rule against impromptu speeches from the rear platform of his car and at public luncheons.

In California Mr. Wilson again is in the home territory of one of his bitterest opponents of the peace treaty, Senator Hiram Johnson of that state, being among the speakers who are touring the west to reply to the president's appeal for ratification.

TEETER'S DEATH WAS CAUSED BY BRUTAL ASSAULT

(Continued from page one.)

who held him up. They represented themselves to be I. W. W. organizers and asked him to join their ranks. Mr. Teeter refused to have anything to do with them and is said to have expressed his views of their practices.

He told the police to notify the Charles Miller family, former residents of this vicinity, who now live near Grand Forks, and outlined the story of the affair. The Miller family were notified and came to Grand Forks at once to take him to their home but it was found he could not be moved to the Miller farm, which is about nine miles from the town, and he was taken to the St. Michael's hospital where Mr. Miller provided physicians.

Back Was Broken.
Two X-Ray examination disclosed a complete fracture of the second vertebral joint and the attending physicians announced that little hope could be entertained for his recovery. At the hospital, he again told the story of the assault and robbery. Friday night his condition grew worse and death ended his sufferings early in the evening.

The fact that he regained consciousness long enough to tell the police how the accident happened and to give the name of the Miller family, is accountable for the Dixon relatives being notified of his death. His brother, Frank Teeter, arrived last evening with the body which was taken to the home, 1007 East Chamberlain street. Funeral services were conducted from the home at 10 o'clock this morning by Rev. E. C. Lumsden and the body laid to rest in Oakwood.

Lee Teeter was born in Grand Detour township, Ogle county, December 25th, 1885, and had spent his entire life in this vicinity. He had a host of friends in Dixon and the country surrounding who will be grief stricken to learn the cause of his sudden death when he was about to leave for his home. He leaves two brothers, Adam Teeter, of Polo; Frank Teeter, of Dixon; one half brother, Earl Ritzner and one-half sister, Miss Pearl Ritzner, both of this city.

Member of Illinois Assembly Describes Sleeping Sickness

By Associated Press Leased Wire
Chicago, Sept. 16.—The long dreams and delusions of encephalitis, or African sleeping sickness, were described today by Theodore K. Long, member of the Illinois legislature, who apparently is recovering after suffering six months from the malady. Mr. Long was affected with the sleeping sickness after an attack of Spanish influenza.

Beach scenes predominated in his delusions, the assemblyman said. "Of course I had others. Sometimes I could hear the ringing of what seemed a million cathedral chimes. Again I saw wonderful examples of architecture, castles, battlements. Sometimes I wandered through fields of flowers, but, curiously, they had no perfume."

"But no matter what I saw," he recalled, "I would always hear the sound of the surf and sooner or later found myself again on the beach."

A feeling of intolerable languor was the inception of the disease, Mr. Long said. He would be compelled to go to bed at any time of the day the spells struck him, he said, sleeping from twelve to fourteen hours at the outset, without feeling the least refreshed.

Finally Mr. Long was confined to bed fourteen weeks.

Oldest Living Thing.

The oldest living thing in the world is thought to be the famous cypress in the churchyard of the village of Santa Maria del Tule, a few miles from Mexico city. Experts have estimated its age as between five and six thousand years. It is said to have been a stripling two hundred years old when Cheops built the great pyramid. —Exchange.

ENGLISH AND FRENCH TONGUES IN QUEBEC UNITE TO ACCLAIM THE PRINCE OF WALES

The Duke of Devonshire presenting Premier Borden (right) and other cabinet Ministers to the Prince

A.B. Calder, host to Prince on Canadian Pacific Special Train

One hundred and sixty years ago, in 1759, French and British armies joined in epic combat on the Plains of Abraham, before Quebec. The heroic General Wolfe and the equally heroic Montcalm both lost their lives and did not see the ancient stronghold of the French in Canada pass under English rule. The old order passes, and in this year of 1919 the descendants of the gallant French defenders, although still French in language, united with the English speaking part of Quebec's

population to pay homage to the young man who will one day rule the British Empire. The mingled cries of "Hurray for Wales!" and "Vive le Prince!" expressed in an unmistakable way that Canada has been welded into a nation.

His Royal Highness visited the historic Chateau Frontenac and other points of interest in Quebec and was received everywhere with an enthusiasm which was as much a tribute to his own attractive personality as to the fact that he is a living symbol of the Empire's union.

He was the guest of the Duke of Devonshire, Governor-General of Canada, at the citadel and from there started out on his tour of the Dominion on a special train provided by the Canadian Pacific.

Arthur B. Calder, Assistant General Passenger Agent of the road, will act as host for President E. W. Beatty. Altogether he will spend seventy days on the train and will cover the breadth of Canada to Vancouver and return and then come to the United States on a flying visit before returning to England.

comfort and welfare of the men was done immediately.

At the luncheon when the president gave his first words were: "I suppose you all have learned of the accident the result of which I fear will be rather tragic. It naturally makes me feel depressed. These men have been traveling with me since I started on this trip and I have learned to know them as good friends. If we must go and leave them behind seriously wounded, I realize that I am parting from very estimable men."

Deaf and Dumb Language.

The Encyclopedia Britannica says: "We have conversed by signs with deaf people from all parts of the British Isles, from France, from Norway and Sweden, Poland, Finland, Italy, Russia, Turkey, the United States and found that they are indeed a worldwide means of communication. Deaf people in America converse with Red Indians with ease, thereby showing how natural the generality of even old Esop signs are."

IRMA BARTON INVITES SANDRA TO LUNCH

CHAPTER LXXIV.

The sort of unholy joy I had felt at the idea of being like Leola, was short-lived. In the morning after Everett had gone, I wandered into his room. To my astonishment he had not referred to the night before in any way. It made me feel queerly uneasy.

His dinner clothes were lying upon a chair. I suddenly wondered what he had in his pockets; if he had left his keys. I had not forgotten my determination to look at the contents of that black trunk in the attic. But so much had happened that I had not been able to plan anything.

I did not find the keys, but I did find a note, from Irma Barton, which I shamelessly read. It had been sent to his club.

"Dear Everett: 'You told me you were to be at the club tonight so I am taking the chance of your getting this note there. I have something to tell you; then I want to talk about what you mentioned the other night. I think you are worrying unnecessarily. She is very young, and appears very innocent. I know your experience has been a sad one, but I am sure will not be repeated. But perhaps I can help you, dear friend, altho none of us like advice. Whether I can or not, I long to see you. Come as early as you can—Irma.'"

How did she know he was going to the club the night before? I, his wife, knew nothing of his intention. Did he tell her every time he went out so that she could know where to find him? Was she referring to me? Was I the young and innocent person she spoke of? It was humiliating, and something else! It looked as if Everett cared more for her than for me—as I always had feared. He told her where he went, consulted her about things that worried him—perhaps about me. Yes, I was sure he meant me. And his sad experience she spoke of must have meant his first marriage—Leola. But if he cared so much for Irma Barton, her advice, her society, why in the world had he married me?

The gossips were right. It was because I was young and he longed for a family. I tightened my lips as I folded the note and returned it to his pocket. Then I put on my hat and went over to the hospital to inquire about Thomas, my heart sore, my eyes burning because I thought once more

that Everett cared nothing for me; and because Irma Barton was clever and beautiful, he spent his time with her, confided to her more than to me. My jealousy flamed as I walked along. I had refused to take the car when Mrs. Gray suggested it. I wanted to walk—the exercise would calm me, and also give me time to think.

Everett had not scolded me the night before. He had been angry, I knew, but had not given it vent in words as he usually did. Was I getting on a little in the path I had laid out—to follow Leola? If I only could keep on, perhaps in time he would love me as he had the fascinating Leola. I decided, just as I reached the hospital.

Thomas was doing nicely, would soon be out. After chatting with him a moment, I left and as I was very near the shops, I went into one to do an errand. I was startled when a cheery voice said: "Good morning, Mrs. Graham."

It was Irma Barton, the woman whom I had decided my husband loved. "Good morning," I replied shortly. "This is fortunate. I was intending to drop in and see you this morning."

"Yes"—this fearful she might think me ill at ease, I added: "I have been at the hospital to see Thomas."

"Yes, I know. Everett told me all about it."

My face flushed as I turned to speak to the saleswoman. That she dared to call my husband by his first name and in that tone, was almost more than I could bear.

"Will you lunch with me, now that I cannot call upon you?" she asked when I had finished my purchase. "I wish you would. I want to tell you something, talk to you." She had said the same to Everett. Suddenly I made up my mind. I would go and I would ask her all about Everett's first wife. I would not let her patronize me—I would go to satisfy my own curiosity. So I said not too graciously:

"I have to lunch somewhere, so I will."

Crowe to Represent Britain on Council

By Associated Press Leased Wire

Paris, Sept. 16.—Sir Eyre Crowe, assistant under secretary of state for foreign affairs in the British cabinet since 1912 will arrive tomorrow from London, having been appointed British plenipotentiary on the supreme council of the peace conference. He will have the rank of an ambassador.

Sir Eyre Crowe will succeed Premier David Lloyd George as a member of the supreme council of the conference. Following the signing of the treaty with Germany Lloyd George was forced to return to London and could go to Paris only at infrequent intervals. A. J. Balfour, British secretary of state for foreign affairs, took the premier's place until after the signature of the Austrian treaty when he announced he would return to London. Viscount Milner, Earl Curzon and General J. E. B. Seely were mentioned for the vacancy, were, according to report unwilling to accept the responsibility of heading the British delegation in the negotiations still to be carried out by the conference.

Minor Leagues Will Play Title Series

By Associated Press Leased Wire
Los Angeles, Calif., Sept. 16.—Officials of the American association have agreed to a proposal of officials of the Pacific coast league to match the winner of the association pennant with the team winning the Pacific coast league pennant for a minor league championship series, according to announcement here today. The winner in the American association will meet the coast winner at Washington park here for a seven game series, starting according to plans about October 10.

HAS FINE RECORD

LT. John F. Earle, of New Haven, Conn., whom many Dixon people will remember, is here on a visit at the homes of Mr. and Mrs. Herbert W. Martin and Mr. and Mrs. Horace G. Reynolds after serving twenty-two months in France.

LT. Earle has much to his credit during his months of service, advancing in his work from head of forty cars in the motor transport service to distributing and billeting troops, becoming district and area commander with authority over nine zones when he left France. He recently received a decoration from the French government, the purple ribbon and button showing that he was given the order of public instructor in the French Academy, which is next in importance to the Legion of Honor. His family and friends are very happy over this distinction.

Member of Wilson's Party Meets Death in Crash; Two Hurt

By Associated Press Leased Wire
Portland, Ore., Sept. 16.—Robert T. Small the Washington correspondent of the Philadelphia Public Ledger, who was slightly injured in an automobile collision yesterday, resumed his journey with President Wilson's party last night. Stanley Reynolds of the Baltimore Sun staff, whose arm was broken, remained here for medical treatment.

Definite funeral arrangements for Ben F. Allen of the Cleveland, O., Daily Dealer, who was killed in the collision were not announced. His associates said his body probably would be sent east.

President Wilson and members of his party did not learn of the accident until they returned to Portland.

The president was not told before the luncheon at which he spoke, that deaths had resulted. He instructed Admiral Grayson to see that everything for the

REACTION NEAR, CORN PRICE IS HIGHER TODAY

Chicago, Sept. 16.—Corn prices developed from fresh strength today owing chiefly to current opinions that after the recent big decline some further reaction was due. There was a complete absence of any aggressive selling. Lower quotations on hogs were apparently ignored, and so too was demoralization of foreign exchange. Opening prices which ranged from 1/4c to 1/2c advance with Sept. 1.38½ and Dec. 1.19½@1.20 were followed by moderate gains all around.

Oats rose with corn. After opening at 1/4c decline to 1/2c advance, including Dec. 67½c to 68½c, the market scored a substantial upturn.

Provisions were dull and irregular. The bearish effect of weakness in the hog market was partly counterbalanced by the strength of gain.

Throughout the day, with only brief interruption, traders evinced more of a desire to cover shorts than to sell. Accordingly, offerings were light most of the time. Prices closed strong, 2½c to 3c net higher, with Sept. 1.40½ to 1.41½ and Dec. 1.22½ to 1.23.
